Dear Mr. Vergotis:

In correspondence dated March 28, 2012, which was received by the Commission on April 18, 2012, Eurex Deutschland (Eurex) requested certification that STOXX Europe 600, STOXX Europe Large 200, STOXX Europe Mid 200, STOXX Europe Small 200, EURO STOXX, EURO STOXX Large, EURO STOXX Mid, EURO STOXX Small, and Dow Jones Global Titans 50 (USD) Index futures contracts meet the requirements of section 2(a)(1)(C)(ii) of the Commodity Exchange Act and thus may be offered or sold to persons in the U.S. Eurex requested the 45-day expedited Commission review pursuant to Commission Regulation 30.13(e).

The Division of Market Oversight (Division) has determined that the subject contracts meet the requirements of the Commodity Exchange Act. The Division's review was based on the facts and circumstances represented by Eurex in its March 28, 2012 letter and the attachments to the letter. This letter serves as a notification to the Exchange that the 45-day review period passed as of the close of business on June 4, 2012, and that the subject contracts are deemed certified. The contracts may be offered and sold to U.S. persons. The Division reminds Eurex that Eurex is responsible for notifying the Commission of any material changes to the facts and circumstances regarding the subject futures contracts and the underlying indexes.

Eurex also requested that, upon issuance of the relief granted herein, it be permitted to make the subject futures contracts available for trading through direct access from the U.S. on electronic trading devices identified in CFTC Letter No. 99-48 dated August 10, 1999 (the no-action letter). In this regard, Eurex has certified that it is in compliance with the terms and conditions of the no-action letter. The Division has concluded that allowing Eurex to make the subject futures contracts available for trading pursuant to the no-action letter would not be contrary to the public interest. Accordingly, the Division hereby confirms that the relief granted to Eurex in the no-action letter extends to Eurex's futures contracts noted above.

Sincerely,

Richard Shilts
Director
